## STATE SENATOR LEROY COMRIE SAYS:

I'm reaching out to you to ask that you please **VOTE FOR AL-HASSAN KANU TO BE THE NEXT COUNCIL PERSON FOR DISTRICT 27.**

Al-Hassan Kanu was a student leader at York College who I met during a CUNY conference and I was immediately impressed with his passion and interest in helping others. Soon afterwards Al joined my City Council staff as an intern. Al worked his way up to serve as Director of Community Affairs. Time and again I saw it first-hand: Al helping people with their problems; it became his calling card. Need your tree pruned? call Al; need a "Stop" sign or traffic light? Put Al on the case; need computers, science labs, air conditioning, repairs at your kid's school? need help getting your community group funded? reach out to Al. He truly enjoyed giving people hope and opportunity by resolving their issues.

### "FROM IMMIGRANT TO YORK COLLEGE TO INTERN TO PUBLIC SERVANT"

When term limits prevented me from continuing as our Council Member, my good friend and colleague in government, then labor leader, I. Daneek Miller came forward to run. After his election, Daneek sought out Al to join his staff as District Director. Al built on his work on my staff continuing to help community residents and proved an essential partner to Councilman Miller on efforts to bring affordable housing, fight home foreclosures, pass paid sick leave, secure the low-fare Atlantic Ticket to ride the LIRR and ensure community hiring and community businesses get work when major projects came to our community. Al later went to work for the Southern Queens Parks Association at Roy Wilkins Park, helping to strengthen its operations and work with our youth and seniors on a more direct service basis. Public Advocate Jumaane Williams asked Al to serve as his Queens Liaison. Al Kanu also co-founded the South East Queens U.P. FRONT organization, giving young professionals an opportunity to directly help the community. Bottom line, Al helps people, plain and simple.

Now term limits again require us to elect a new Council Member. It matters who serves us in the City Council and only with Al Kanu, can we be assured we will be represented by a Council Member who has always been a true public servant. Al needs no on-the-job training. Please join me in electing Al-Hassan Kanu as our City Council Member; on your ballot please "rank" Al-Hassan Kanu #1.

## A SPECIAL MESSAGE FROM OUR CITY COUNCIL MEMBER I. DANEK MILLER

More than ever our community needs dedicated, competent community leaders. We require individuals who can navigate government bureaucracy and bring home the resources and municipal services our neighborhoods deserve.

Al-Hassan Kanu is a proven champion for Southeast Queens. Al served under both Leroy Comrie and myself at the City Council and led our constituent service department, where he tirelessly built relationships across the community and did the hard work needed to address critical concerns for thousands of Southeast Queens residents.

### IT MATTERS WHO SERVES US IN THE CITY COUNCIL AND ONLY WITH AL KANU, CAN WE BE ASSURED REPRESENTATION BY A COUNCIL MEMBER WHO NEEDS NO ON-THE-JOB TRAINING.

Senator Leroy Comrie and I depended on Al to organize efforts to keep homeowners in their homes, connect families to affordable housing, and advance transit equity through the creation of the reduced fare LIRR Atlantic Ticket program. Al did all of this while working every day to mitigate flooding issues in our community, strengthen our schools, and forcing the City to build safer streets with the installation of stop signs, traffic signals and better designed roads.

Please join me this June in electing Al-Hassan Kanu as our next City Council Member.

### AL HASSAN KANU'S AGENDA FOR MOVING CD27 FORWARD INCLUDES

- Further introduce transit equity by expanding the "Atlantic Ticket" discounted LIRR fares program beyond Atlantic Terminal to Penn Station.
- Legislation to favor purchasing from union shops that uphold health and safety standards and where workers are treated with dignity and earn family-sustaining wages.
- Real Property reform to net \$6 Billion to reinvest in services, property tax equity— significantly reducing homeowner taxes in southeast Queens, and affordable housing
- Foreclosure prevention
- Re-imagine Libraries as accessible community centers open 7 days/week, 10-14 hours each day
- Work with community boards, community senior programs and houses of worship and community groups to identify preferred locations for senior housing with supportive service and help direct capital and other dollars to create the housing.
- Improve bus service, make it more regular, get more bus shelters with benches, improve accessibility at LIRR (elevators), park amenities (open rest rooms), and help build out senior centers including enabling SNAP to finish its new building and work to create additional sites in the district.
