For State Senate: *Leroy Comrie*
For Democratic District Leaders:
Assemblywoman Barbara Clark
Councilman I. Daneek Miller
They'll fight for *us!*

Democratic District Leaders play an important role holding our Democratic Party accountable.

Assemblywoman Barbara Clark has served us so well so well standing up for the issues that matter -- not just as our representative in Albany in the NYS Assembly, but as our *Democratic Leader* making sure the Queens Democratic Party works for us.

Stepping up as our male *Democratic Leader* is ***Councilman I. Daneek Miller***, who has made a mark in the City Council taking up the mantle of former ***Councilman Leroy Comrie***.

Daneek and Barbara make a formidable team.

Let's re-elect Assemblywoman Barbara Clark as our Democratic District Leader (female) and elect Councilman I. Daneek Miller as our Democratic District Leader (male).

Barbara and Daneek strongly support former ***Councilman Leroy Comrie for State Senator*** because they need a competent and capable partner in government.

Together with Leroy, Barbara and Daneek will work only in the interests of *our* community.
