COUNCIL MEMBER I. DANEEK MILLER DELIVERS

Here are just a few of the things we've been able to deliver together as your voice over the past four years:

- Allocated \$1.8 Billion, over 2/3 of NYC DEP's entire capital budget, to our neighborhoods for flood mitigation and prevention; includes new infrastructure, catch-basins, & sewer spines along 150th Street, Guy Brewer, Farmers & Springfield Blvds. & other parts of District 27
- Negotiated with HUD, a first in the nation mortgage buyback program, saving the homes of dozens of our families, & provided over \$300,000 in funding for foreclosure prevention & legal assistance programs
- Created & preserved over 2,000 units of truly affordable housing with 50% community preference, with development done by local faith-based leaders & community M/WBE participants
- Introduced FreedomTicket Pilot Program which will reduce LIRR fares in our neighborhoods & provide a free transfer, to a train or bus, saving both time & money for Southeast Queens commuters
- Repaving the entire length of Jamaica Avenue, within Council District 27 from 168th to 224th Streets, improving safety network & traffic conditions in accordance with our Vision Zero plan
