Dear Supporter:

Services Now for Adult Persons, Inc. ("SNAP") provides supportive social services for older adults in many communities in Queens. Since its inception in 1980, contributions from generous people like you have empowered SNAP to expand and develop services for all older adults and their caregivers. Despite COVID-19 and its impact, our agency and its dedicated staff work hard to serve our seniors and their families, providing food, transportation, programs and activities in new and innovative ways.

SNAP continues to grow but government funding has not kept pace with the increased demand for our services. Baby-boomers are over 60 and looking for educational and recreational activities. Older adults seeking help dramatically increase in number each year. Inflation together with the rising costs of insurance, utilities and food always pose a fiscal challenge for all non-profit organizations.

In normal times that would make it necessary for us to reach out to you for your continued support. During this time of COVID-19, it is even more important as the pandemic severely impacts the resources SNAP depends upon to make a difference for our clients. This requires our agency to depend even more on the support of concerned community members like you to meet the needs of our clients.

This year your contribution not only supports the general agency operating expenses, which includes all services, but empowers SNAP to serve its clients in the face of COVID-19. Enclosed is a breakdown of our many services and programs for your review. You can also visit our website at [www.snapqueens.org](http://www.snapqueens.org).

Please use the enclosed envelope and card to send your tax deductible contribution so that we can continue to provide valuable services that help older adults maintain their independence and prevent premature institutionalization.

Sincerely,

Paola Miceli, MPA  
 CEO/President
